TONOPAH DAILY BONANZA

Today's Silver
Quotation, 52 3-8

VOL. X. NO. 78

TONOPAH, NEVADA, TUESDAY EVENING, JULY 25, 1911.

PRICE 10 CENTS.

GRAND JURY TO CONVENE NEXT MONDAY MORNING

ATTORNEYS APPOINTED FOR
JOHN SCOTT AND PATRICK
DONOVAN.

The grand jury will convene next Monday afternoon and a number of criminal cases will be up before it. The report of J. H. Monteth in expediting the books of the different county officials will also be made to the jury.

In the superior court today Victor Thomas was appointed attorney for John Scott, who was bound over to the grand jury from Rhyolite for passing worthless checks. An attorney was also appointed for Patrick Donovan, who is held for burglary in the first degree from Rhyolite.

DEMAND PROSECUTION
FOR CHINAMAN'S DEATH

SALT LAKE CITY, Utah, July 25.—A formal demand for the prosecution of the city detective who shot and killed Louis Loy a Chinaman, as he attempted to escape during a raid on his opium den, was made upon the court yesterday by I. E. Wiley, a local attorney, retained by the members of the Chinese colony.

Attorney Wiley was armed with a telegram from Corral Cook, representing the Chinese consul at San Francisco, in which he was authorized to ask in the name of the Chinese government that a complaint be filed, a warrant issued and a prosecution had of the person who killed Loy.

MEXICAN TOWN IS THE SCENE OF PITCHED BATTLE

JUAREZ, Mex., July 25.—One man dead, another fatally wounded and a third shot in two places, is the net result of a pitched battle in this city at 3 o'clock this afternoon between the city police and insurrecto soldiers.

The beginning of the affray was the result of an argument between Dario Hernandez and insurrecto soldiers and Dolores Martinez, the street commissioner of Juarez, in front of Martinez's residence. When Martinez requested Hernandez to desist from his argument, Hernandez opened fire upon him with a pistol. Martinez ran into his residence, secured a rifle and then shot Hernandez through the head, killing him instantly.

Comrades of Hernandez at once climbed upon the roof of the garison building nearby, and opened a hot fire upon the Martinez residence, which was returned by a detachment of police, who had appeared upon the scene. About 50 shots were fired before General Blanco, who was summoned, was able to quell the disorder.

Martinez was shot through the arm and sustained a scalp wound in the fray, and Pollo Lomel, another insurrecto soldier, was shot through the stomach and will die. The town is quit at present, but there is much bitter feeling over the affair.

LARGE REWARD FOR
THE MISSING GIRL

SAN FRANCISCO, July 25.—The offer of \$1000 for information leading to the finding of Miss May Ilg, who is reported by her family as missing nearly a week, stimulated interest in a search for the young woman Saturday.

Circulars bearing a description of Miss Ilg, who disappeared from her home here, have been sent by city detectives to various coast towns and cities.

Miss Ilg left home early last week, saying she was going to buy theater tickets. She did not reach the theater.

ED WHEECE
Keeps all kinds of clear and rough
lumber on hand.

ARE WILLING TO PAY \$1000 FOR NEWS OF DAUGHTER

TREATMENT FOR FACIAL BLEM-
ISHES SAID TO BE THE
CAUSE.

SAN FRANCISCO, July 25.—An offer of \$1000 for information leading to the finding of Miss May Ilg, who is reported by her family as missing for nearly a week, stimulated interest in the search for the young woman throughout the cities.

Circulars bearing a description of Miss Ilg have been sent by detectives to the various coast towns and cities. The missing girl is described as of a decided brunette type, 23 years old, five feet six inches tall, weighing 135 pounds. When she left home she wore a tightly fitting navy blue tailored dress and high-crowned hat of grayish blue straw.

She was recently caused some distress in an attempt to remove blemishes from her face under the treatment of a "beauty doctor," and her family fear the incident is in some way connected with her disappearance.

IN THE ARCTIC NIGHT WILL BE FEATURE

FINE LINE OF PICTURES WILL
BE SHOWN TONIGHT AT
POPULAR HOUSE.

A modern version of an early afterpiece will be Duncan & Moran's vehicle for this evening. An entire change of songs, a rural dance, some pure stuff about folks and things, all of which is good tonic for these irritating evenings of high temperature and cussedness.

The manager is out of town. However, the first show will start as usual at 7:15. Our property man, who also does other work, says that he won't read his "Pickins from Puck" until Jake Godfriend comes back. Thus the curtain will move up and down without the crippled rapidly attached to former attempts. Wiley Kelly at the door has added a few wrinkles to his smile and a bit of color to that "good evening, folks."

The operator is throwing the animated Thespians on with artistic taste. All ushers maintain their customary courtesy and distribute both smiles and seats. The ice-water tank is always full.

In the orchestra pit sits three men, of the one on the drummer's side it might be said that he remarks often "Oddly a spray of violets," and in the next breath, "Trot out you opera."

The violinist brings forth a score and the music is submitted under a condition that is truly in the shelter of the poetical boy with the traps. Because the boss is out of town.

Pictures for tonight: "The Trappers," "The Stepsisters," and a Pathe drama "In the Arctic Night."

DENVER MAN ARRESTED
IN SAN FRANCISCO

SAN FRANCISCO, July 25.—J. B. Elliott was arrested here last night on information from the Denver authorities, charging him with the theft of several hundreds of dollars' worth of gowns from Denver department stores. Three gowns answering the description of those said to have been stolen, were found in Elliott's room when he was arrested.

CRAZY NEGRO KILLS
AND WOUNDS MANY

LA GRANGE, Ga., July 25.—Believed to be insane, Charles Reese, a negro, ran amuck here yesterday, killing three other negroes, wounding a fourth, and blinding a white farmer with a load of shot. He then committed suicide.

Our "Want Ads" bring results.

CONSTANTINOPLE SWEEPED BY A FIRE ON ANNIVERSARY

Incendiaries Fire the Town While People Are Celebrating Great Event—
Conflagration Wears Out for Want of Material.

CONSTANTINOPLE, July 25.—A great fire that started yesterday continued until early this morning, when fuel in the path of the flames was exhausted. It is believed the fire was the work of political incendiaries, as it broke out simultaneously at several points and in

ACTING GOVERNOR ROSS IS THROWN FROM HIS HORSE

For several moments last night the life of the head of the state was in dire peril, and as it is Lieutenant and Acting Governor Gilbert C. Ross now lies on a bed of pain with a broken ankle that will keep him off a horse for several weeks to come. Had it not been for the skill at horsemanship possessed by heredity by the official there is little doubt that today the state would be without a head.

The accident occurred at 8:30 last night at the Fashion stables, where the lieutenant governor was about to start for a canter. The horse, known as one of the most high-spirited in the state, reared and plunged violently before passing the archway and in a final effort poised dizzily on hind feet and toppled backward, falling heavily to the board floor.

Governor Ross was equal to the emergency, leaping clear of saddle and stirrup and free from the maddened animal. He fell heavily, turning the left ankle and snapping a small bone at the instep.

Ross gamely held to the reins, and rising, attempted to remount the beast, but his foot gave way under him. He waited a moment and again made the attempt, but it was found that he had suffered either a serious sprain or a broken bone. Nevertheless, he insisted on keeping the animal saddled for a half an hour while he awaited a recovery of function in the foot, determined to remount and conquer the horse.

HAYTIAN REBELS WAIT TO CAPTURE PRESIDENT SIMON

PORT AU PRINCE, Hayti, July 25.—The expected advance of revolutionists on the capital has been delayed, the insurgents at Mirabais, 18 miles north, apparently waiting for additional troops which are on the way from Cape Haytien. All government troops are concentrated here, and today comparative quiet reigns, although some shots were fired Sunday night.

President Simon, who, after his arrival several days ago from Port Liberte, took to his sick-bed, appears much better and attended services at the cathedral yesterday.

INJURED AT BALL GROUND.

NEWARK, Ohio, July 25.—Twenty-five persons were injured, six seriously, here yesterday when the grand stand at Newark baseball park collapsed during a game between the Newark and Wheeling clubs of the Central league, carrying two hundred and fifty persons with it. Many women and children were in the stand at the time.

GUNBOAT TO CAPE HAYTIEN.

WASHINGTON, July 24.—In response to a request from Mr. Livingston at Cape Haytien, the navy department yesterday ordered a gunboat to that port.

BARE FISTS USED IN BRUTAL BATTLE IN THE RING

DISGRACEFUL AFFAIR TAKES
IN THE MORNING NEAR
DANBURY.

DANBURY, Conn., July 25.—One of the most brutal prize fights in this section for many years was held at Sodom reservoir southeast in New York, between 6 and 7 o'clock yesterday morning when two Danbury fighters, Dekin and Regan, fought twenty-one rounds with bare knuckles.

The referee attempted to stop the fight in the tenth round because of the punishment Dekin was receiving but the fighters refused to quit and stayed until the twenty-first round, when Dekin was so badly battered he had to give up the battle.

His nose was pounded to a pulp, his eyes closed and his lips cut and swollen until it was thought he had received concussion of the brain. After the fight he was taken to a farm house and cared for until brought to his home at this place.

Regan was also badly punished. The men fought at 140 pounds for a purse of \$100.

SEARCHLIGHT GETS SHARE OF WARMTH

MERCURY ENDEAVORS TO JUMP
OUT OF THERMOMETER.
RAINS A BLESSING.

Last Saturday was the hottest day thus far this season, and one of the hottest ever experienced in Searchlight. At some places the thermometer registered 114 degrees in the shade, while in the coolest spots it was over 100. At the Nevada Eagle in Eldorado canyon the mercury reached the 124-degree mark.

While the temperature on the desert runs high in the summer, the extreme dryness of the air renders the heat unbearable. Beyond some discomfort, there were no ill effects suffered.

The heat continued to some degree until Monday night, when rain storms in and around this section cooled the air to a considerable extent. A big storm in the canyon Monday night caused heavy washouts on the roads.

Yesterday noon Searchlight was treated to a heavy rain, hail, thunder and lightning storm. The rain fell in torrents for the space of about twenty minutes, and for a time there was a heavy fall of hail, the hail stones being nearly as large as marbles.—Searchlight Bulletin.

IN ERROR!

The Bonanza stated yesterday that Frank Pittman was a passenger for Round Mountain. Mr. Pittman called up the Bonanza this morning and stated that there was no semblance of truth in this statement, and that everybody he met told him he was in Round Mountain and he wanted a contradiction. Hence the apology.

JAMES FORMAN GREATLY
PLEASED WITH MANHATTAN

James Forman is greatly pleased with the prospects of the camp of Manhattan. Mr. Forman was out there last week to look after several properties in which he is very heavily interested, and on returning, brought in a bar of bullion from a run made on Liberty and Justice ore, a property in which he is interested and upon which some Slavonians are operating a lease. He also has some specimen ore from this estate which is half gold.

Mr. Forman has been making his home in Oakland for some time, but now that Manhattan is looking so bright, intends to spend a great deal of his time in this section of the state.

MINING OUTLOOK IS PICKING UP AT PIONEER

LEASE ON MAYFLOWER-BULL-
FROG COMPANY IS PAYING
SMALL DIVIDENDS.

W. A. Berry, of the Bonanza force, has returned from a trip to Pioneer, where he spent a couple of days in looking over the camp. Mr. Berry says that Pioneer is picking up and at the present time there are about 50 men at work there.

A leasing company is working on the Mayflower-Bullfrog Mining company's property and is making a success where the company made a failure. The lease is dropping 15 stamps and crushing about 1000 tons of ore a month that will run between \$20 and \$25 to the ton and is declaring small dividends from the same. In the shaft a body of ore has been struck that will go \$75.

The Original Pioneer company is running a crosscut on the 125-foot level to cut a north shoot that shows on the surface.

John O'Brien, of the Holland Hotel is operating a property for a party of eastern capitalists and has a shaft down 175 feet, with very promising indications. Numerous small properties are also at work.

Mr. Berry stopped in Goldfield on the way home and says that the talk in that town at present is a prospect shaft to be sunk by W. A. Clark to a depth of 2000 feet. The shaft site is to be chosen by a corps of engineers and is to be located off the Consolidated property. The talk of this prospect shaft has stimulated interest in small properties and promises to wake Goldfield out of the slumbers that the camp has been enjoying for some time.

NEW BUSINESS HOUSE STARTS IN TONOPAH

NATIONAL REALTY & INVEST-
MENT COMPANY TO DO A
GENERAL BUSINESS.

Tonopah is to have a new business house and its name will soon be familiar to all residents of this section. J. G. Crumley has organized the National Realty & Investment company and will have charge of the affairs of the company. Strong capital is behind the National Realty & investment company and a general commission and storage business will be carried on. The company will deal in wholesale groceries, wines, liquors and cigars, real estate and act as agents for anything to be sold on commissions.

A big warehouse is now being fitted up on Lower Main street and a railroad spur runs to the back door. The building will be double boarded and lined with heavy building paper so as to make it warm in winter and cool in summer. Furniture, mining machinery, etc., will be taken for storage at reasonable rates. A business office will also be fitted up in the big storage building.

GOLDFIELD BASEBALL
BOYS NOT POPULAR

GOLDFIELD, July 25.—The three baseball games between the local team and Las Vegas failed to bring out a crowd, and the local club lost money on the venture. Goldfield won all three of the games played. Saturday afternoon the score was 6 to 3; Sunday morning, 11 to 2, and Sunday afternoon, 12 to 3.

Baseball is not as popular in this town as it used to be, as the unsportsmanlike conduct of the local team on the Fourth of July, when Tonopah played on the local grounds, disgusted many of the most ardent local fans, and they refuse to encourage the team any longer.
